SANTA BARBARA COUNTY
SANTA BARBARA, CALIFORNIA

April 14th, 1943.

Secretary of War
United States of America
Washington, D. C.

Dear Sir:

The Board of Supervisors of the County of Santa Barbara, State of California, meeting in regular session Monday, April 12th, 1943, received the enclosed resolution of the Board of Supervisors of the County of San Benito, California, relative to the incorporation of native born Japanese into the Army of the United States, and the release of alien and American born Japanese from Relocation camps.

The Board directed that a copy of this resolution be forwarded to you with the statement that the contents of said resolution meet with the entire approval of this Board.

The Board of Supervisors definitely believes that if alien and American born Japanese are permitted to enter into the agricultural and industrial economy of this County and State that it would be inimical to the best interests of the American people.

Very sincerely yours,

J. E. LEWIS, COUNTY CLERK
and ex-officio Clerk of the Board of Supervisors

JEL: P
Enclosure—one
The following resolution was adopted by a unanimous vote of the Board of Supervisors of San Benito County, California, at an adjourned meeting of said Board held on April 1, 1943:

WHEREAS it has been announced through the press:

1. That the Secretary of War contemplates that some 23,000 native-born Japanese shall be incorporated into the United States Army in separate combat units; and

2. That the Federal authorities contemplate the release of from 25,000 to 40,000 Japanese from Relocation camps where they are now restrained, with no announced provision of adequate surveillance or control; and

WHEREAS, the Board of Supervisors of San Benito County believes that such contemplated action would be inimical to the best interests and to the welfare and effective defense of our country;

Be it resolved that we most vigorously and earnestly protest against the above proposed actions and each of them; that we convey this protest to the Secretary of War, to the War Relocation board, to our congressmen and senators and to the President of the United States and to each Board of Supervisors of the State of California.

That we urge upon these authorities the following reasons, based upon an extensive experience with the Japanese, for more than 40 years, an intimate knowledge of their character, and our observation of what occurred on December 7, 1941, and immediately thereafter;

(1) Following Pearl Harbor and for the defense of the West Coast against attack and sabotage the Army wisely moved the Japanese from the Pacific Coast. Now to permit them to return to their former habitat would subject us again to the danger of serious sabotage and difficulty in defending our shore line in the event of attack.

(2) Due to the temper of the American public since the dastardly attack at Pearl Harbor we feel that it would be detrimen-
TAL TO THE BEST INTERESTS OF THE JAPANESE THEMSELVES TO ALLOW THEM TO RETURN FOR RESIDENCE ON THE WEST COAST, and that difficult additional policing problems would be presented thereby in effecting their safety.

(3) IT IS IMPOSSIBLE TO DISTINGUISH BETWEEN LOYAL AND DISLOYAL JAPANESE. We are in no position to judge the emotions of the Japanese inasmuch as they have maintained their own schools and religion, and in many cases, dual citizenship with their main allegiance to the Emperor of Japan.

(4) IF JAPANESE WERE ALLOWED TO RETURN TO THIS AREA WE COULD NOT EXPECT THE COOPERATION OF PRESENT AGRICULTURAL OR INDUSTRIAL LABORERS ALREADY ENGAGED IN THE WAR EFFORT IF THEY WERE CALLED UPON TO WORK WITH JAPANESE EVACUEES.

(5) TO ALLOW YOUNG JAPANESE TO LEAVE RELOCATION CAMPS FOR EDUCATIONAL PURPOSES IN OUR COLLEGES WOULD BE UNJUST AND INEQUITABLE AS IT AFFECTS OUR OWN AMERICAN BOYS WHO HAVE BEEN TAKEN OUT OF COLLEGE AND ARE SO LOYALLY SERVING THEIR COUNTRY IN THE ARMED FORCES TO THE DETRIMENT OF THEIR EDUCATION AND EMPLOYMENT.

(6) IT IS THE OPINION of this Board that these Japanese should be contributing substantially to the war effort but we feel that it should be in areas removed from the Pacific Coast and by group movement UNDER FULL AND PROPER CONTROL AND SUPERVISION BY THE ARMY. IN NO EVENT SHOULD THEY BE DISBURSED THROUGHOUT THE COUNTRY WITHOUT PROPER PROVISION FOR ABSOLUTE SURVEILLANCE AND CONTROL.

BE IT FURTHER RESOLVED THAT THE JAPANESE, BOTH ALIEN AND AMERICAN BORN SHOULD BE RETAINED IN RELOCATION CENTERS FOR THE DURATION UNLESS THEY ARE PLACED UNDER DIRECT AND ABSOLUTE SUPERVISION AND FULL CONTROL OF ARMY AUTHORITY and engaged in the furtherance of our war effort.

It was further ordered that our local civic organizations be urged to join in this protest.

Dear Mr. President:

On Monday of this week, the members of our California Delegation in the House of Representatives, held a meeting and unanimously adopted a resolution concerning the policy of the Government as to resident Japanese, a copy of which I herewith enclose for your information.

Appreciating your consideration of these recommendations, I am,

Enclosure
Policies of the Government as to Resident Japanese

Resolution Adopted by the California Delegation

Washington, D.C., June 14, 1943

Whereas, the California delegation in the House of Representatives in January, 1942, initiated its effort to secure the evacuation from critical areas of all enemy aliens and their families whether or not aliens; the internment of such evacuated aliens; that no evacuated aliens be permitted to return to critical areas without a special license; that such critical areas be enlarged to include the three Pacific Coast States and Alaska:

Whereas, General John L. DeWitt, commanding the Western Division, subsequently put into effect a protective plan of evacuation and internment consonant with the plan urged by this delegation:

Whereas, an effort is being made to remove and relax some of the provisions made under General DeWitt's administration for the protection of the public against subversive enemy efforts:

Therefore, the California delegation in the House of Representatives recommends:

That in order to guarantee the security and continued safety of all persons of Japanese ancestry, residing in the United States, and protect against any sabotage, espionage, or disruption of our efforts to destroy the war machine of the Government of Japan, which so ruthlessly attacked the United States,

1. That the War Department continue to recruit Japanese for military service
   (a) Such Japanese troops should not be utilized anywhere in the Pacific theatre
   (b) Such Japanese troops should not be admitted into any areas where the Government of Japan might attempt the landing of any sabotage or invasion forces, and
   (c) That no Japanese women should be recruited for use in any of the women's organizations attached to or a part of the armed services.

2. That all known subversive Japanese be immediately segregated and removed from existing relocation camps and be confined in special detention camps for the duration of the war with Japan.

3. That such Japanese as can be utilized, be employed in agriculture and industry in areas outside the defined restricted zones, but that only such Japanese shall be so employed who are reasonably believed to be loyal to the United States after having been investigated and so certified by the Federal Bureau of Investigation. That all Japanese so employed shall be subject to the direct supervision and to such rules and regulations as may be deemed necessary by the Federal Bureau of Investigation.
4. That all remaining Japanese, whose loyalty to the United States can not be definitely certified by the Federal Bureau of Investigation, shall be retained in War Relocation camps for the duration of the war with Japan.

5. That no persons of Japanese ancestry, whether in the military service, related to persons in the military service, or formerly resident within the existing restricted areas of the Pacific Coast, shall be permitted to enter any such designated restricted area without the direct individual authorization in writing of the Commanding Officer of such area.

6. That every effort be made with the Government of Japan to exchange all interned Japanese, subversive and disloyal Japanese and such other Japanese desiring such exchange, for American citizens now interned or held as prisoners of war by the Government of Japan.

RESOLUTION ADOPTED BY GLENDALE PARLOR NO. 264,
NATIVE SONS OF THE GOLDEN WEST, MARCH 11, 1945.

Glendale Parlor No. 264 of The Native Sons of the Golden West
is grieved and shocked to learn of the proposal to enroll in the
United States Army a unit composed of so-called "citizens of the
United States of America of Japanese ancestry."

The members of Glendale Parlor are firmly of the opinion that
the Constitution of the United States of America does not confer
citizenship on any person of Japanese descent born in this country,
therefore there are no "citizens of the United States of Japanese
ancestry"; they also are of the belief that all Japanese, regardless
of protestations otherwise, inherently are loyal only to
Japan, and they are thoroughly convinced that the enrollment of a
United States Army unit composed of Japanese will be inimicable to
the welfare of the State of California and the Nation, and will un-
doubtedly create a dangerous threat to a proper and adequate de-
fense of this country. Therefore,

Resolved, That Glendale Parlor is strenuously opposed to the
formation of a Japanese unit of the United States Army, and here-
by respectfully petitions the Congress of the United States of
America to exercise its prerogative and nullify the declared in-
tention of the War Department to organize and enroll such a unit.
And be it further

Resolved, That copies of this petition be sent the Secretary of
War, the President of the Senate, the Speaker of the House of
Representatives, the Chairman of the Senate Military Affairs
Committee, the Chairman of the House of Representatives Military
Affairs Committee and others.

JAPANESE AMERICANS

WHEREAS: The War Department has been enlisting loyal Japanese Americans in a combat unit; and

WHEREAS: The War Relocation Authority has been encouraging the employment in war industries and agriculture, at prevailing wages, of Japanese Americans who have been attested as loyal by the constituted authorities; and

WHEREAS: These actions are calculated to alleviate the manpower shortage and to further the war effort; therefore be it.

RESOLVED: That the ILWU commends the War Department and the War Relocation Authority for their enlightened and realistic attitude towards loyal persons of Japanese ancestry.

Dear Mr. Macbeth:

Thank you for your kind letter of February 3 in connection with the formation of the Japanese American combat team. We have had the program in mind for a considerable period of time and I am glad that it is now on its way. I know that you will do what you can to help its success.

Dear Mr. Assistant Secretary:

You will no doubt remember that the writer called upon you at your office in mid-December last, to call to your attention the advisability of permitting loyal interned Japanese-American citizen evacuees to enlist in our Nation's Armed Service. At the time you referred me to Mr. Dillon S. Meyer, Director of the War Relocation Authority for further discussion of the idea. I note, however, that your department has issued its order permitting loyal Japanese American evacuees to join our Army.

May I at this time thank you for the part which you have played in bringing this order to pass. You have no idea what assistance you have given us who are carrying the burden of proving to the non-white peoples of the earth that the United States of America is not fighting a war to maintain white racial world supremacy.

Very sincerely,

May 27, 1943.

Dear Mr. President:-

I, as an American Citizen, am writing you to place a few facts before you that you may have overlooked.

We people on the west coast, who have lived among the Japanese and dealt with them for years, know their treachery perhaps better than you do. Whether they are Tokio born or American citizens they are not to be trusted. You, yourself, have proof of their double dealings while they were in Washington talking peace terms with you, they bombed Pearl Harbor.

It is alright to say we are a democracy and that this is a free country and every American citizen is entitled to his rights, but can you tell which American-born Japs are loyal and which are not? Can any person be a citizen of two countries and be loyal to both of them in wartime? I will let you answer that.

Now Mr. President, you know the Nazis and Japs say that we Americans are crazy and will fall for anything and begins to look like they know what they are talking about. You and our Government are playing right into the hands of Hitler and the Japs and their pre-arranged plans. We fell for one of the oldest and best-planned confidence games that has ever been played in history when we fell for that line that was handed out at the Jap relocation camp during the riot staged a few months ago. That it was the Japs disloyal to the U.S. who were fighting the Japs who were loyal. Can't you see their plan. It was all pre-arranged they were schooled and trained to play their part the same as any actor, straight from Hitler and Tokio.
Mr. President; have you stopped to consider the danger you are placing our country and our soldiers in by placing Japs in our soldiers uniforms and training them our technique in fighting. Have you stopped to consider that they will join the Japs and Hitler when they are well trained as Tokio has ordered. Have you stopped to consider that Tokio can and will produce uniforms just the same as our soldiers are wearing and can give their soldiers uniforms and forged credentials the same as ours and can land them from submarines on our west coast and we would not know the difference until it was too late to do anything about it. The Japs are planning to invade this continent and will stop at nothing to accomplish their purpose.

Enclosed please find clipping from our Los Angeles Examiner dated May 27 which explains more clearly the picture I am trying to draw for you.

Still our Army has no record of any Jap soldiers being in this part of the country as the Army Office had given no permission. Can you see the danger now in permitting any Jap to wear the U. S. soldiers uniform. How do we know who those two soldiers were and God knows what damage they have done. Why should you let them out of Relocation centers, in which they were placed for the duration, on account of red-tape and strings being pulled. Which are the most important, rich peoples lawns and gardens, or our Country? We have been overburdened with taxes to support these Relocation camps and look at the money our Government spent building these camps and now they are to be abolished.

Mr. President; do you know that at Santa Ana race track, just out of Los Angeles, which was turned into a Relocation center during the first evacuation the Japs had all of our army cots and lived in luxury while our American soldiers slept on the ground because there were no cots for the army.

Another thing, Mr. President, why are we spending so much money for the Dies and other committees to investigate and report on these cases if we are not going to use them to the advantage of our Country. What is the need of our being taxed to obtain this information if you do not take the information and act upon it.

Also Mr. President, I am enclosing another clipping from the Los Angeles Examiner dated Washington May 25th, where the west coast investigation of the Dies Committee discovered that the Japs in the Relocation centers have so much butter and coffee in their possession that they are making presents of it to their former employers and friends while American citizens can't get enough coffee to drink. How long do you think the morale of this country will stand under the knowledge of these things?

Mr. President; you will make one of the greatest mistakes ever made in this world if you release Japs from Relocation centers to be brought back to this west coast, or in fact any other place in the U. S. It will cause serious trouble and the loss of many lives for the people in the U. S. will not stand for it.

How do you think we feel towards the Japs who have deliberately murdered our fliers who bombed Tokio? They have also bombed our hospital ships and are mistreating our prisoners of war while in America the Japs are being treated better than American citizens.
Mr. President; you have told us what we can't buy and what we can buy, you have told us what we can rent our homes and our rooms for and what we can't, you have told us how much meat we can eat and what we can't, how much sugar we can have and what we can't, and how many pairs of shoes we can have, you have burdened us down with taxes until we are barely able to exist, we are forced to buy bonds whether we can afford to or not, we are forced to pay victory tax, we are forced to pay social security tax in fact we can't have a pair of bed-springs or an electric refrigerator or a carpet we may need or a sewing machine or vacuum cleaner or things necessary to make our lives livable. We can't even have enough to eat, all of this we are willing to give up or to do but we want to know that we are living in a country where our leaders will not make a political foot-ball out of this war and stop throwing away our money and give results and a real Democracy by doing everything possible to win this war.

Mr. President; if you will remember while you were in Africa, though I did not know you were at the time, I sent you a telegram protesting against Japs being placed in our American armies. I received a letter from Under-Secy. of War stating that he was very sorry I did not approve and that he thought I would be very much surprised to know that we already had four thousand Jap soldiers in Africa. He also enclosed a photostatic copy of the letter where you approved of placing the Japanese in our army. Three days, to be exact, after I received this letter from the War Department I read in the newspapers where the Nazis had penetrated our lines at the weakest points at a cost of thousands of our American soldiers lives. Don't you think it very strange that the Nazis knew just where our weak spots were and knew just where to attack. Did you ever stop to consider that four thousand Japs were over there who had possibly given this information.

Mr. President; I do not claim to be a diplomat and to know everything that is to be known and I am not trying to tell you what to do, as I am only a Mexican but I am an American citizen by adoption and I love the Stars and Stripes better than my own life and as a citizen and leader of my group I am very much interested in this country.

If you wish to know who I am and what work I have done for the past twelve years in California I will refer you to Congressman Thos. F. Ford, John M. Costello, Will Rogers Jr., and Senator Downey of California.

Now Mr. President; if you think I am within my rights as an American citizen, I would like to have a reply direct from you, not from your Secretary or any one else, at your earliest convenience.

Respectfully yours,

Dear Miss Martinez:

Your telegram of January 30, addressed to President Roosevelt has been referred to me for reply.

I regret that you are opposed to the War Department's decision to organize loyal Japanese American citizens into a combat team for service in the Army. For your information, the War Department's action has the approval of the President. Photostat copy of the letter addressed to the Secretary of War, giving this approval, is enclosed herewith. As to the loyalty of American-born Japanese, the War Department has sufficient evidence of the loyalty of these people to justify their inclusion in the armed service. It might be interesting for you to know that there are already over 4000 Japanese Americans in the United States Army and that some of these are with the combat units of the North African force.

Dear Sir:

We are forwarding herewith a copy of
Resolution No. 3692 of the Council of the City
of Riverside, California, protesting the proposed
releasing of Japanese from relocation centers,
which is self-explanatory, and to which your
attention is respectfully invited.

Respectfully yours,

G. Albert Mills,
City Clerk.
RESOLUTION NO. 3692

RESOLUTION OF THE COUNCIL OF THE CITY OF RIVERSIDE, CALIFORNIA, PROTESTING THE PROPOSED RELEASE OF JAPANESE FROM RELOCATION CENTERS.

***

WHEREAS, it has been announced through the press:

(1) That the Secretary of War contemplates that some 28,000 native-born Japanese shall be incorporated in the United States Army in separate combat units; and

(2) That the Federal authorities contemplate the release of from 25,000 to 40,000 Japanese from relocation camps where they are now restrained, with no announced provision for adequate surveillance or control; and

WHEREAS, the Council of the City of Riverside believes that such contemplated action would be inimical to the best interests and to the welfare and effective defense of our country;

BE IT RESOLVED that we most vigorously and earnestly protest against the above proposed actions and each of them; that we convey this protest to the Secretary of War, to the War Relocation Board, to our congressmen and senators and to the President of the United States;

That we urge upon these authorities the following reasons, based upon an extensive experience with the Japanese, for more than 40 years, an intimate knowledge of their character, and our observation of what occurred on December 7, 1941, and immediately thereafter;

(1) Following Pearl Harbor and for the defense of the West Coast against attack and sabotage the Army wisely moved the Japanese from the Pacific Coast. Now to permit them to return to their former habitat would subject us again to the danger of serious sabotage and difficulty in defending our shore line in the event of attack;

(2) Due to the temper of the American public since the dastardly attack at Pearl Harbor we feel that it would be detrimental to the best interests of the Japanese themselves to allow them to return for residence on the West Coast, and that difficult additional policing problems would be presented thereby in affecting their safety;

(3) It is impossible to distinguish between loyal and disloyal Japanese. We are in no position to judge the emotions of the Japanese inasmuch as they have maintained their own schools and religion, and in many cases, dual citizenship with their main allegiance to the Emperor of Japan;

(4) If Japanese were allowed to return to this area we could not expect the cooperation of present agricultural or industrial laborers already engaged in the war effort if they were called upon to work with Japanese evacuees;

(5) To allow young Japanese to leave relocation camps for educational purposes in our colleges would be unjust and inequitable as it affects our own American boys who have been taken out of college and are so loyally serving their country in the armed forces to the detriment of their education and employment;
(6) It is the opinion of this Council that these Japanese should be contributing substantially to the war effort but we feel that it should be in areas removed from the Pacific Coast and by group movement under full and proper control and supervision by the Army. In no event should they be disbursed throughout the country without proper provision for absolute surveillance and control.

BE IT FURTHER RESOLVED that the Japanese, both alien and American born should be retained in relocation centers for the duration unless they are placed under direct and absolute supervision and full control of Army authority and engaged in the furtherance of our war effort.

I, G. Albert Mills, City Clerk of the City of Riverside, California, hereby certify that the foregoing resolution was duly and regularly introduced and adopted by the Council of said City, at its meeting held on the 20th day of April, 1943, by the following vote:

Ayes: Councilmen Pauling, Williams, Carter, Fickett, Dales, Rathgeber, and Harris.

Noes: None.

Absent: None.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of Riverside, California, this 20th day of April, 1943.

(SEAL)

G. Albert Mills,
City Clerk of the City of Riverside.

I hereby approve the foregoing resolution this 20th day of April, 1943.

Walter C. Davison,
Mayor of the City of Riverside.

Henry L. Stimson
Washington, D.C.

Dear Mr. Stimson:

Being I am an American citizen, native of California, and well know the cunning, unwasted Japanese, our foe; I am enclosing a few clippings, written by our citizen, who have given the inner pictures of all the Japanese, whether born in the United States or any other part of the world.

I feel confident after you have read these articles, you will lose your faith in an American born Japanese.

Mr. Joseph C. Grew, former ambassador to Japan has given the real information pertaining to the loyalty of the so-called "Royal" Japanese.
